

rpart R Package — Structural Dependency Graph

Level 1 - R Source Files

Level 2 - Functions

Level 3 - Dependencies

- R source file
- User-defined function
- Language dependency (base R / CRAN)
- External dependency (C / Fortran)
- file → function (defines)
- function → function (defines)
- function → function (internal dep)
- function → language dep
- function → external dep (C call)
